# Introducing ICM Construction

ICM Construction is a dynamic national building and project management company. We focus on delivering outstanding technical expertise with our own personal touch which enhances all of our completed projects. Our experts in construction delivery, project management and facilities management thrive within our collaborative and entrepreneurial culture, constantly striving to find better solutions to complex property challenges.

ICM is involved in some of Australia's most prestigious building projects, working with both private and public-sector clients. We also deliver numerous smaller schemes, including fit outs, refurbishments, reactive maintenance and services upgrades. In addition, by combining our skills and experience in construction we are a developing leader in delivering schemes in healthcare, education, transportation and municipal services that bring together private and public investment. We pride ourselves on finding better ways to deliver excellent results with greater efficiency.

Working to the highest standards of workplace health, safety and quality, we are committed to continuous improvement to fulfil our responsibilities to all project stakeholders, communities and the environment in which we conduct our business.

Our success is reinforced by our corporate stability, the quality and expertise of our staff, our collaborative approach to business and our skill at providing cost-effective, practical solutions to construction challenges.

# Goodlife Health Clubs (Toowoomba)

Client: Goodlife Health Clubs

Value: \$2,700,000

# Community Involvement

## Surf Life Saving South Australia

ICM Construction have a long-standing history of involvement both within the community and in clubs. Most recently, we were proud to sponsor Surf Life Saving South Australia's Inclusive Beaches initiative.

This program supports the inclusion of people of different abilities and backgrounds to be part of our country's most popular recreational activity; going to the beach. We couldn't ignore the opportunity to be involved in such a rewarding and community driven initiative that aligns with our company's core values.

## Souths Logan Magpies Rugby League Club

We are passionate about grass-roots rugby league and the importance it plays in providing pathways for junior footballers through to the bright lights of the NRL. Not only does this assist in building the game in our cities, but also has a positive trickle-down effect in Australia's regional communities.

We have continued our support of the Souths Logan Magpies in 2019 for our fifth consecutive year as the major sponsor.
